

## Company Profile

### **Mission Statement**

Chantik's mission is to be a dynamically growing, profitable, environmentally responsible, international manufacturer of high-quality home furnishings combining human skills, advanced technologies and innovative solutions to anticipate and satisfy the needs of our valued customers.

### **An Introduction**

Chantik was officially inaugurated by the Indonesian Ambassador to India, His Excellency Donillo Anwar on the 9<sup>th</sup> of May 2006. Since then we have etched a respectable place in the industry by offering wooden furniture with exquisite designs, fine craftsmanship and mainly excellent customer service due to the personal relationship built between us and our clients. All the wooden furniture epitomize opulence and elegance. Intricately carved and competitively priced, our furniture is a mesh of traditionalism and modernity.

Our sphere of operations also includes providing design, renovation and decoration solutions for various corporate and commercial complexes, residential houses, hotels, guest houses etc. We are making endeavors to offer customized solutions to our clients to maximize their satisfaction.

### **Our Excellence**

All our products are known for impeccable quality and workmanship. The exquisite designs and fine finish of our furniture speak volumes of quality. Finest quality wood is used to carve furniture of timeless beauty. All products are designed and manufactured to strict quality standards to maintain the quality standards. All the products are inspected numerous times before dispatching the shipment. Our team of experts maintains a strict vigil on the manufacturing process to ensure that all the products are flawless. We also purchase wood from mills that use environmentally sound harvesting practices as laid out in the Indian Forest Act, 1972.

### **Our Speciality**

We specialize in custom built pieces, built for you the individual or for your family needs. We believe that "custom built" means you decide the size, shape, style, color and look of your new furniture. We manufacture and market quality solid wood furnishings. We craft our furnishings primarily from Burma Teak and work with many high quality veneers such as: cherry, black walnut, and birch. From dining room table sets to complete bedroom sets we build it all ourselves, providing you with service, quality and convenience all at an affordable price.

## **Our Facilities**

We possess a well equipped, 40,000. sq. ft. factory that is backed by sophisticated technology. Our company has a fully computerized state-of-the-art design studio (using AUTOCAD) and latest machinery that enables the production of flawless products as per the buyer's specification. With a team of specialized carpenters, painters, polishers, upholsters and artisans, the company has successfully been able to carve a niche for itself. Our team of designers are constantly coming out with designs that are in accord with the latest trends and patterns.

## **Our Client Base**

Since our inception we have successfully completed many large orders for both the domestic as well as the international market. Domestically we have supplied a wide range of furniture to every corner of India including Bombay, Goa, Chandigarh, Dehradun, Amritsar, Guwahati, Bangalore and many more. We have done up countless condominium show flats. Our corporate Clients include Oil & Natural Gas Commission, Apollo Tyres, Surya Villas Resort, Heritage Village Resort, Adobe, Coca Cola and many more.
